AESTHETIC
EVERYTHING®

Sharplight Technologies (OmniMax S4) *The only ALL-IN-ONE Laser, DPC, Vermaderm and Radio Frequency solution* which is customizable, upgradeable with over 14 applicators, interchangeable HP's between platforms and designed to grow with you at your pace! Safely treats all skin types (DPC/Laser/RF on type I-VI with patented technologies) all year round and most all aesthetic & dermatologic concerns. Start with either DPC or Laser and add other technologies or procedures as needed! We even offer a **6 month buy-back** option so you may see the efficacy, revenue generation and company commitment from day one. <https://www.sharplight.com>. *The highest tech, highest value in Aesthetics! Find out what so many others know!*

DERMASWEEP 2.0; 3-1 Skin Resurfacing and Infusion technology! **RESURFACE/INFUSE/RENEW.** Remove the complete Stratum Corneum and Infuse skin specific serums to correct and promote healthy skin! **"Hydra-Dermabrasion"** is the term coined for using skin specific serums, exfoliating and hydrating the skin (instead of carcinogenic crystals or harsh, scratchy diamonds). **DermaSweep 2.0** (<http://dermasweep.com/>) is the newest, most efficacious treatment designed and used by more

Dermatologists than any other system. **Brand NEW 15" color touch screen, all-inclusive table-top design with WiFi & built-in protocols! Never be obsolete again...**

THE BHRT SOLUTION PROVIDER

BIO-IDENTICAL HORMONE REPLACEMENT THERAPY.

BHRT Pellet therapy is quick, simple and easy! Pellets are simply placed into patients 3-4 times per year. The painless in-office procedure takes less than 10 minutes. Patients don't have to worry about applying creams or taking orals daily so compliance is a non-issue.
